Sailoring in the '70s.

The Dead Horse an Institution on Passenger Ships Then.

To The New York Herald: Luxury and hotellike conditions prevail nowadays on ocean steamships and yet the mail service between this country and England is inferior to that of twenty years ago. As far back as 1898 the Campania and the Lucania left Liverpool on Saturday and arrived here the following Friday evening. Five day passages were frequent, and a few years later no leas than four fast steamships would leave New York for Liverpool and Southampton in one week. The good old times are not entirely mythical.

My recollections of American and British ships go back to 1875, when I salled before the mast in a bark rigged auxiliary screw steamship from London to Melbourne, Australia. The outward to Melbourne, Australia and the Lucania to the old the old the old the old old the England at the old old the England at the old old the England at the old

auxiliary screw steamship from London to Melbourne, Australia. The outward passage took forty-eight days via the Cape of Good Hope and we broke the record. The return trip was round the Horn and took sixty days.

We used to raise the propeller when wind thinking on or before the wind thinking on or before the wind thinking on or before the wind thinking the sailing of the sailing the sail of the sailing of the sailing of the sailing the sailing of the sailing the sailing of the sail of the sailing of the sailing the sailing of the sailing the sailing of the sailing the sailing the sail of the sail of

sailing on or before the wind, thinking we did exceedingly well if we made fourteen knots an hour. The food was very bad. Bread or soft tack was a luxury bad. Bread or soft tack was a luxury that the sailors had to beg or steal. The biscuits or hard tack almost required a sledge hammer to break them, and the
